Reviews

Title: Great jacket for rainy hikes

Rating: 5

I bought this jacket for a hiking trip in the rainy season and it performed exceptionally well. It kept me dry throughout the entire hike and the adjustable hood and cuffs allowed me to customize the fit. The multiple pockets were also very convenient for storing small items. Overall, I highly recommend this jacket for anyone looking for a reliable waterproof option. **Title:** Not as waterproof as advertised

Rating: 3

I purchased this jacket for a camping trip and was disappointed to find that it wasn't as waterproof as I expected. While it did repel some light rain, it started to soak through after prolonged exposure. The adjustable hood and cuffs were a nice feature, but I wish the jacket had better waterproofing capabilities.
